Dependency grammar (DG) is a  
class of modern grammatical  
theories that are all based on the  
dependency relation (as opposed  
to the constituency relation) and  
that can be traced back primarily  
to the work of Lucien Tesnière.

French grammar is the set of rules  
by which the French language  
creates statements, questions and  
commands. In many respects, it is  
quite similar to that of the other  
Romance languages.
